

## PITT MEADOWS LIBRARY CONSTRUCTION UPDATE

The new library will be located between the two Solaris development high-rises.

A rendering of the completed library at Harris and Ford Roads.

The floorplan of the Library shows approximately 12,200 square feet of space.

When completed at the end of 2011, the library will be approximately 12,200 square feet, serving both the citizens of our community and other users within the Fraser Valley Regional Library system.

Completion is expected December 2011.

### Library Features

- About 35% increase in the book collection
- Expanded seating and study areas
- Additional public access computers, including a computer lab for training and courses
- Areas displaying community and public art
- Technological efficiencies such as an electronic book sorter and self serve check out
- Defined Young Adult area
